Lieutenant General George W. Mundy, USAF
Commandant
Industrial College of the Armed Forces
Washington 25, D.C.

Dear General Mundy:

During the past several years, the Central Intelligence Agency has enjoyed the privilege of sending from one to three representatives to each session of the Resident Course of the Industrial College of the Armed Forces. The cordial relations which have existed between the College and this Agency are a source of gratification to me, and I believe that the association has been to our mutual advantage.

There has been a growing recognition throughout the Agency of the great value to be gained from participation in the College program and the number of qualified candidates has increased accordingly. This year, for example, we have under consideration as candidates for the 1961-62 session, a group of career officers who possess unusually high qualifications. The officers are representative of the major functional areas of the Agency, and each could benefit from and contribute to the College program.

It would be most advantageous to us to have a quota of three for the 1961-62 Resident Course. Your favorable consideration of this request would be greatly appreciated.

Sincerely,

CONCUR:
